

MAS DELA CREU

ELIXIR

TREPAT

Signature Wines

DESCRIPTION

Hort d'en Cirera, the plot located in Barberà de la Conca. The birthplace of Trepat, a unique variety in the world. Vineyards that slowly watch as their grapes produce exceptional wines. Smooth, sensitive and especially spicy, it represents the typical character of a trepat, with spices such as nutmeg and white pepper. Enriched with the subtle contribution of the foudre seasoning the precious elegance of a trepat unfolds while the freshness runs throughout the palate, leaving a fresh and smooth sensation.
